### **B.Ed.**

(TWO YEAR REGULAR)

## **PROSPECTUS -2021-22**

### **Vision and Mission**

Education is not received. It is happened. Everyone is responsible for what one is and whatever one wish oneself to be, one has the power to mould oneself. If what one is now has been the result of one's past action it certainly applies that whatever one wish to be in future can be produced by ones present action; so take up one idea. Let the brain, muscles, nerves, every part of your body, be full of that idea, and just leave every other idea alone. This is the way to success that is the way great spiritual giants are produced.

Our vision is to expose new areas of knowledge through consistent efforts with highly talented guides. Education means inculcating the best in the students. We are here to emphasize the need and urgencies to infuse new blood into the veins of our nation by revamping our system and turning it with our National Values. To bring the upcoming teachers fully prepared to support the school systems with new technology exposed.
