

#### **2.4.4 Students are enabled to evolve the following tools of assessment for learning suited to the kinds of learning engagement provided to learners and to analyze as well as interpret responses**

1. Criticism is the part of B Ed curriculum during the second semester. Students are asked to take classes for about 40 minutes by the constructivist learning strategies method. During the course students observe the peer groups using RUBRICS which is assessed using different criteria. Different group activities include demonstration based on different topics of their prescribed subjects both individually and group wise.

The performance tests helps to examine the performance of task instead of answering questions.

- 2) Oral assessment is mainly teaching skills analysis; communication skill analysis etc.

- 3) Rating scale

Rating scale is also used by the students for measuring specified outcomes or objectives of education. It helps to rate and find the needs of students. It helps to understand about the child and provides stimulation. Psychology based task are carried out using the scale.
