NMMS Coaching Class

National Means Cum Merit Scholarship (NMMS) is a scholarship exam conducted for the eighth standard students. Students with high marks were selected from each section for this coaching class. The classes were conducted from 4th November 2019 to 15th November 2019 during the morning and afternoon sessions. In these classes we discussed the previous years' question papers and gave relevant notes to the students. We used both Malayalam as well as English for the medium of instruction. The classes also helped us to widen the horizons of our knowledge.

Sraddha Class

Sraddha is a project under the state education department targeting the below-average students to improve the academic standards of school education. Mainly VIII and IX standard students were included in this programme. We were appointed to teach basics of Malayalam and English language to the students. The afternoon sessions of Thursdays were exclusively arranged for these classes. We taught the students letters, words, sentence constructions through games and interesting activities. We were successful in bringing a positive growth in the students in terms of academics. We gave them few hints and methods through which they can perform well. Through these sessions we were able to understand that there are different students coming from different backgrounds.

LESSON PLAN- 26

Name of the Student Teacher: Jincy K.B
Name of the School : Higher Secondary School, Mundur
Subject : Business Studies
Unit : 2- Forms of Business Organisation
