

2.4.13 comprehensive appraisal of intern performance is in place. The criteria used for assessment include

Classroom teaching is very effective in schools. Training teachers take full responsibility of the classes by preparing well like preparation of lesson plan, charts, and models both still and working model. Class rooms are technologically advanced.

Competency acquired by students is evaluated by their mentor teachers of the respective subject. All the classes of students are well analyzed by the teachers. Teacher trainees also observe classes of school teachers. Students are punctual in schools always participate in school activities. They take all the initiative in the school activities and all are committed to their work.

Students are completely ready after the teaching practice to become a good teacher. Campus selection process is carried out in our college every year. Different school management from Kerala and Tamilnadu visit our college for campus selection and many students from our college is working in different schools across India
